

3. Population and employment by main activity

■ Unit of measure used

In persons, full-time equivalents, jobs and hours.

■ Statistical population

It presents population data and employment by main activity. It includes national concept data for economically active population, unemployed persons, total employment, employees and self-employed, as well as domestic concept data for total employment, employees and self-employed. The domestic concept data are available broken down by main activity.

It has been prepared from statistics reported to the OECD by Member countries in their answers to annual national accounts questionnaire.
