

9B. Balance sheets for non-financial assets

■ Unit of measure used

In national currency expressed in millions.

For the Euro area countries, the data in national currency for all years are calculated using the fixed conversion rates against the euro.

■ Statistical population

It presents the balance sheets for non financial assets by institutional sectors, for both produced assets (fixed assets, inventories, valuables) and non-produced assets (tangible and intangible).

It has been prepared from statistics reported to the OECD by Member countries in their answers to annual national accounts questionnaire.
