

LFS - Employment by Weekly Hours Worked

■ Data Characteristics

■ Unit of measure used

Percentage

■ Population & Scope

■ Statistical population

This table contains data on the cross-country distribution of employment by hour bands for declared hour bands, broken down by professional status - employees, total employment - sex and detailed age groups.

■ Geographic coverage

In order to facilitate analysis and comparisons over time, historical data for OECD members have been provided over as long a period as possible, often even before a country became a member of the Organisation. Information on the membership dates of all OECD countries can be found at OECD Ratification Dates.
